

## 1. Partnerships and Coordination

- As the designated lead agency for supporting the Government of Ethiopia (GoE) in the receiving of returning migrants, IOM continued to support GoE in coordinating support for quarantine facilities in Addis Ababa and the regions (54 in total).
- Together with relevant government agencies, conducted simulation exercises in two quarantine facilities in Addis Ababa (Sidist Kilo Campus) in order to prepare for upcoming migrant returns.
- Dispatched a team to Somali region to meet with and support local ECC and site managers, to strengthen data gathering and management, and visit quarantine sites and points of entry in Jijiga, Dewele and Dire Dawa.
- Trained government officials in Somali region on data gathering and management at quarantine facilities.

## 2. Disease Surveillance

- Between 1 April and 11 June, Ethiopia received over **16,400** returnees: **4,500** from Sudan, **3,700** from Djibouti, **3,000** from the Kingdom of Saudi Arabia (KSA), **3,000** from Somalia, **600** from Lebanon and **600** from Kenya.
- Ethiopia received the first **250** returnees (all female) from KSA since the break in April.
- Registered **2,516** returnees (**1,414** male, **1,102** female) currently in quarantine facilities over the past week.
- Continued to provide direct assistance to migrant returnees in quarantine, including food assistance to 54 migrants in Jijiga, and onward transportation allowance to 7 migrants in Moyale.
- Continued to distribute PPE (hand sanitizer and masks) and NFIs to quarantine facilities in Addis Ababa, Semera, Dire Dawa, Semera and Jijiga including **4,600** laundry soaps/soaps, **1,560** plastic mattress covers, **1,000** blankets, as well as wash basins, sanitary pads and baby kits. Some of the NFIs were donated by NRC, UNICEF, UNHCR and CONCERN Worldwide.

### 3. Protection

- Following the Protection from Sexual Exploitation and Abuse (PSEA) assessment at three quarantine facilities in Addis Ababa, IOM continues to coordinate with the PSEA Network in Ethiopia to set up a complaints and feedback mechanism in returnee quarantine facilities.

### 4. Risk Communication and Community Engagement (RCCE)

- Reached over **925,000** individuals with hygiene awareness promotion through door to door sensitizations, mass mobilization, sensitization during distributions, radio spots and leaflet distributions since April 1.
- Distributed over **22,900** soaps, **94** handwashing kits, and conducted **95** jerrycan cleaning campaigns.
- Trained **252** hygiene promoters, **26** WASH management committees, and **977** religious and community leaders on COVID-19 prevention measures and messaging.
- Strengthened risk communication in all quarantine facilities.

### 5. Camp Coordination and Camp Management

- IOM and the Site Management Support (SMS) Working Group continued to advocate for decongestion and improved water supply in highest risk IDP sites identified through a joint assessment and presented findings at the Ministry of Peace, the Emergency Coordination Center and the Disaster Risk Management Bureau.
- Distributed COVID-19 specific site management work flow Standard Operating Procedures (SOPs) to IDP Site Managers across the country.

### 6. Displacement Tracking Matrix

- COVID-19 screening was continued at five Flow Monitoring Points.
- Access and baseline information is updated regularly and is available at <https://migration.iom.int>

Provision of support to returning Ethiopian migrants is being led by the Government of Ethiopia, under the coordination of UNRCO and IOM, and with contributions from:

IOM's work in Ethiopia is supported by:
